Of Steele County.

For Attorney General,
HON. ANDREW G. CHATFIELD,
Of Scott County.

For State Treasurer,
JOHN FREDERICKS, Esq.,
Of Goodhue County.

CARVER COUNTY TICKET.

Register of Deeds.—FREDERICK GRINER.
County Treasurer.—JOHN DUNN.
Judge of Probate.—J. A. SARGENT.
Sheriff.—CHARLES JOHNSON.
County Attorney.—FRANK WARNER.
Surveyor.—H. CHEVER.
Coroner.—CHAS. BASLER.

LEGISLATIVE TICKET.

2nd District.
Senator.—C. W. GRIGGS.
Representative.—LEWIS GOTHOLF.

Actively Engaged.

We are informed that the republican party of our County is still alive, and are preparing their shattered forces for a weak onslaught on the Democratic ramparts this fall. It is also reported that candidates are being "selected" by the few "contriving" ones, so we judge the "unfettered," still lively, in our County. We don't know whether there will be two elements in the Convention or not—the Scholastic, and the general beverage—but it is a matter that will probably be taken into consideration by our german friends. We would recommend them the letter of Carl Schurz, which is published in the German papers, it contains a little "whole-some advice," and if acted upon, will save them from a "bitter defeat" as they will wake up at no distant day to find themselves totally at variance with the radical party for they are not your friends.

Our farmers begin to understand that the system of making the poor pay the taxes, while the rich nabob may hold "hundreds of thousands of dollars" worth of Bonds, and they exempt from taxation, as held by the radical Congress, is totally wrong, and one only to be set right by abandoning radical doctrines. Then if you do not wish this state of affairs to continue, vote the Democratic ticket. If you want a re-united Union upon a firm and lasting basis, vote the Democratic ticket. But if you want a continuation of high taxes, bankrupt treasury and hard times, vote the radical ticket.

Choose ye!

We hear the most cheering accounts from the interior towns of our County over the nomination of the Democratic party, both State and County. We can safely say, that with a little work, on the part of our active County nominees a good round democratic majority will be rolled up for our ticket. The people are tired of the radical disunion leaders, and are going to change rulers.

Campaign Papers.

The Pioneer and Volksblatt printing companies are issuing each a campaign paper at the low price of 50 cents per copy, and a deduction on rates, to clubs. Now it behooves the Democracy of this County to give these sheets a wide circulation in our County, as our doctrines should be disseminated in every family, and in no way could it be so effectually done, as by these sheets. Then let clubs be raised in every town, so that every family may see the fallacy of radical teachings. Come active Democrats bestir yourselves and let these papers be circulated.

Gov. Marshall is being bitterly assailed by the Donnelly organs of the State.

Judge Flandrau—What is Thought of Him at Home.

The following handsome notice of Hon. Charles E. Flandrau, the Democratic candidate for Governor, is taken from the Utica (N. Y.) Daily Observer of the 12th inst:

With the nomination for Governor we are more than pleased. Charles E. Flandrau belongs to that army of men who are everywhere doing us honor—he is one of "the Oneida county boys." He was the son of the late Thomas H. Flandrau, of Whitesboro, and is a worthy inheritor of the name and talent of that brilliant lawyer. Bred to the profession of the law, the younger Flandrau, some eighteen years ago, left Oneida county and went to Minnesota to establish himself. From the first, he took rank with the ablest members of the Minnesota bar. He rose steadily in the estimation of the people, and held various offices and discharged their duties with the highest credit to himself. The last honor conferred upon him was his election as Judge of Supreme Court of that State. Now the Democracy proposes to make him Governor! We wish them success with all our heart.

What the Republicans Intend—Sunday School Children to Vote.

Henry O'Connor, the radical candidate for Attorney General of Iowa, delivered an address at Des Moines on the 4th inst, in which, as reported by the Register, he said:

Go home, then, and together let us work for the overthrow of wire halls, beer saloons, and every species of liquor selling. And when we come to vote I am in favor of universal suffrage—letting every woman vote—for they will choose the right—and also every child who has been reared in the Sabbath School.

This justifies what we say in another column. There are "no limits" to the exactions of the Radicals. They will vote for negroes to vote because they will vote for them—no principle in it. They forbid Chinese in California—they will allow women and vote if sure they will vote for them—otherwise not—they must belong to the brick church Sunday school in order to vote—the stone church is not "orthodox."

Liberty and right are secondary considerations. As Mr. Dunnell expressed it, they must not "endanger the success of the great Republican party"—if so, down with them.

ST. LOUIS.

Ravages of the Cholera on the Death of United States Officers.

St. Louis, July 31.—Western despatches say there were six cases and two deaths from cholera at Fort Harker Saturday. Sixteen cases had occurred among the Kansas volunteers at Fort Larned. The disease had also appeared among the troops pursuing the railroad construction party beyond Fort Harker and several deaths occurred. Lieut. Col. McGill's wife died of cholera near Fort Lyon on the 16th. Lieut. Helm was also attacked on the 24th, and Capt. Bloodgood of the 34th Infantry is reported to have died beyond Fort Larned while en route to New Mexico.

Father Demore, Catholic priest at St. Mary's Mission, died on Thursday night near Ellsworth where he had been attending cholera patients. He had been among the Potawatomi Indians seven years, and was much respected throughout Kansas.

Gen. Grant.

A Long Branch correspondent of the New York Evening Gazette says:

The only cool man at the Stetson's was the General. He spent the early morning in a fine drive. In the vestibule of the office heat for several hours reading the papers chatting with his staff, and smoking. The old political hacks from New York, Philadelphia, Washington and other cities hover around the coming man, anxious to use him as they had many a good man before.

To look on Gen. Grant—his immovable face, small stature, modest air, quiet movements, and silent countenance—one can hardly believe that a nation hangs on his slightest word, and marks all his acts. Last night the arrivals were numerous. Army and navy officers abounded. Men by scores stood in the corridors in full regalia. But among them moved a small man, looking more like a New Jersey farmer than a warrior—in plain suit, such as business men wear, with a low crowned white hat, seemingly not at all interested in the coming pageant, speaking seldom to any one. Few strangers were willing to recognize in him the hero of the occasion.

—Scolding, says a good-for-nothing old bachelor, is the pepper of matrimony, and the ladies are the pepper-boxes.

HOME ITEMS.

HERALD AGENT CARVER—G. A. Du Toit.

The Peloubet Organ.

We received voluntarily the following letter from the Pastor of the Moravian Church here, stating how highly they prized the "Peloubet Organ" purchased from us some time ago. We would recommend this Organ to congregations or parties wanting an instrument, confident that it would meet their expectations.

CHASKA, CARVER CO. MINN.
June 25th 1867.

Ma. F. E. Du Toit.

Dear Sir:—The "Peloubet Organ" purchased from you answers our purposes admirably. It has a sweet, full tone, and gives general satisfaction to the congregation.

Yours &c.
Rev. C. L. REINKE.

RIVER ITEMS.—The river is on the decline, and we hope are long to be able to say that it is where it "ought to be"—within its bank.

The Chippewa Falls passed up Wednesday morning, bound for Mankato. She was loaded down to the guards with freight. She discharged 80 barrels of salt for Faber & Co., and Sundry boxes for other merchants here.

Nowcomb & Griggs' barge is at the landing loading wood for St. Paul.

FISHING PARTIES.—Fishing parties seem to be in vogue now days. Gay turnouts may be seen wending their way from our town Excelsior-ward most every day in quest of a social time.

HARVESTING.—We are informed by many of our farmers that they are harvesting their Crops of Barley and Rye, and that the yield will be bountiful—far larger than for years heretofore. Judge Ebinger has harvested a fine yield of Rye on his farm adjoining town.

BUSINESS.—Still continues dull, but is nevertheless better than it was some four weeks ago. The farmers begin to have hopes of a large yield, and are coming into town to barter away a few pieces of their money.

DISTRICT SCHOOL.—We understand progresses finely, there are some 150 names enrolled upon the register, with a large daily attendance. The teachers Mr. Kerker and Miss Du Toit having their hands full.

CO. COMMISSIONERS.—We hope the Chairman of one of the towns comprising the 1st, 4th and 5th, Commissioner districts will report the names of the candidates in the above districts, as we wish too have their names at the head of our column.

CATTLE FAIR.—Remember the "Cattle Fair," at Chaska on the 24th Saturday of each month. Be on hand with your stock.

Our brick makers are taking advantage of the pleasant weather, and are pushing work forward with commendable energy.

PROPOSALS FOR WOOD.—We would call the attention of our readers to the adv. of the County Auditor, headed, "proposals for wood," to be found in another column. There may be a chance to make an "honest penny" for some humble individual, dealing in this article.

HEARTY THANKS.—Mr. F. Greiner, our popular Register, will accept our sincere thanks for a large basket of choice vegetables, delivered on last Sunday. Among the variety we found a few heads of fine large early Cabbage, and we certainly entertain the opinion that Mr. Greiner is fully one week in advance of any of our community in this line. Mr. Greiner has one of the prettiest and best arranged garden in our section of the State.

Mr. F. Hecklin will also accept our thanks for a fine brace of "prairie chickens," as a hunter.

WATER FALLS.—We wonder at the idleness of several of our State exchanges, going into ecstasies over the discovery of water falls in their vicinity. We discover them upon our streets every day, and think nothing strange. Oh, such falls!

—See the advertisement of Wm. W. Payne—Every School Teacher—which announces an educational journal published at Mankato in this State. Special inducements given to subscribers.

THE LADY'S FRIEND, FOR AUGUST, 1867.

The August number of this charming magazine opens with a piquant Steel Engraving of a rustic maiden holding eggs up to the light to see if they are fresh. The Steel Fashion Plate for this month is a group of six young misses beautifully designed and colored. Then we have numerous Engravings devoted to the Fashions, Coiffures, Head Collar, Hats and Bonnets, Peplums, Dresses, Children's Costumes, Palatos, &c. Among the Literary contents we may notice "Was Florence and How to Make Them," "Sister Patty's Sewing Society," "Self-Made," Poems by Florence Percy and August Bell; "Under the Mask," "Dora Castel," and the continuation of "How a Woman Had Her Way" and "Orville College." A beautiful Steel Engraving will be sent gratis to every single (\$2.50) subscriber, and to every person sending a club. Specimen numbers of the magazine will be sent for twenty cents.

Price (with engraving) \$2.50 a year; Four copies (with one engraving) \$6.00. One copy of Lady's Friend and one of Saturday Evening Post (and one engraving), \$4.00. Address: Deacon & Peterson, 319 Walnut Street, Philadelphia.

DEMORE'S "YOUNG AMERICA."—This handsome little periodical started with many competitors, but has outlived, or outstripped, nearly all. Since its first issue last November, it has exactly reached its circulation, and expects confidently to quite trouble that again, before the 1st of January. It is as great a favorite with the little folks as Demore's Monthly with their "mamas."—and deservedly; for the efforts of the editors to amuse them are unceasing. No other juvenile magazine contains so many toys, stories, games and puzzles. No wonder the children like it.

Address: W. JENNINGS DEMORE, 473 Broadway, New York.

THE Little Corporal for August contains; Chapter 2 of "Camp Bruce," a splendid story, by Mrs. Miller, the Associate Editor; No. 1 of "The Chicken Little Stories," by Edward Eggleston; "Science for Children," by Prof. Hooker, of Yale College; Music, by the famous Geo. F. Root; and a large number of other articles by the best writers—entirely original.

The price of The Little Corporal is \$1.00 a year. Sample copies, 10 cents. Great inducements are offered to those who wish to raise clubs.

Address: ALFRED L. SEWELL, Publisher, Chicago, Ill.

Our Special Correspondent.

THE CAMPAIGN.—The "Campaign" opened this fall sooner than was expected, on Tuesday evening last a political discussion sprang up between two of our prominent citizens, which soon attracted quite a crowd.

It was finally moved and seconded that there be a "joint discussion" between the two parties, which was carried unanimously.

The first and chief speaker called upon our denizens was Judge Warner, who spoke about 3 1/2 hours, and we must say it was one of his best efforts. The Judge is a good speaker, and his speech was often interrupted with cheers.

The Republicans looked about for a "champion" and spied the Hon. L. H. Griffin in a crowd called upon him to reply to Mr. Warner. Mr. Griffin at once mounted the stand and entertained the audience with a few well timed remarks, but Mr. Griffin is not a match for the Judge. Griffin ought to be a Democrat.

Several other gentlemen were called upon and entertained the crowd till about 12 o'clock, when the meeting adjourned, nothing having occurred to mar the pleasure of the entire proceeding. Before adjourning a resolution was passed returning the thanks of the meeting to Messrs. Warner and Griffin.

NEW STORE.—Messrs. Koch & Wildung have opened a new store in the building next to the "Carver House," they have a good stock of goods and are good business men. They are also proprietors of the "Carver House" as good a Hotel as there is in the Valley. H. T. Schuber, is chief clerk, guarantee enough that you will be well treated, Call and see them.

NEW POTATOES.—Mrs. Capt. Houghton has showed us a lot of "new potatoes" which were raised in her garden, which by the way is one of the neatest and most tasteful gardens we have had the pleasure of seeing. Mrs. H. has also 10 or 12 apple trees which are bearing nicely. The trees are loaded with good sized apples, and it must satisfy "apple eaters" that fruit can be raised in Minnesota.

BARQUES.—Commodore Danks is loading his boat at our levee with wood for St. Paul market. The Commodore is bound to "make up" for that loss he sustained recently. We hope he will. Two more barges lie at the bank loading Wood and Hoop-poles.

REAL ESTATE SALE.—John Groenich sold to A. Schrempff, his house and lot near the landing for \$1800. Mr. S. takes possession next week.

The Celebrated Plastic Slate Roof!

The undersigned having secured the exclusive right for the above Roofing for the Counties of Scott, Carver, Sibley, Le Sueur and Nicollet, would respectfully announce that he is prepared to apply this superior Roofing material to buildings of all descriptions, either new or old, on short notice, and upon the most reasonable terms. The advantages of having this material applied to your buildings are many. By having a flat roof you save all your rafters, both gables and end-roofs from the weathering; and by having a flat roof, either a flat roof or perpendicular wall, it is impervious to water or steam; it remains pliable in winter, your insurance is reduced, by half, as it is emphatically Fire Proof! It will last a life time, hence it is the cheapest. Can be applied in rushing imperfections in the roof.

ROLOM ROBINSON says, "It is the most valuable discovery of this wonderful age."

REFERENCES.—S. B. Strick, D. A. Hunt, Man, John Rice, Esq., and Ex-Sheriff Crocker, Shakopee; H. C. Smith, Chas. Davis, Esq., Le Sueur; Mr. Randall, Saint Peter. Most of them have had the Plastic Slate Roofing applied to their buildings.

Orders are respectfully solicited. Information freely given, by addressing

Manhood: How Lost, How Restored.

Just published, a new edition of Dr. Culver's Celebrated Essay on the radical cure (without medicine) of spermatorrhea, or Seminal Weakness, Involuntary Seminal Losses, Impotency, Mental and Physical Infirmitudes, Impediments to Marriage, &c.; also Consumption, Epilepsy, and Fits, induced by self-indulgence or sexual extravagance.

Price, in sealed envelope, only 5 cents.

The celebrated author, in this admirable essay clearly demonstrates (from a thirty years' successful practice, that the alarming consequences of self-abuse may be radically cured without the dangerous use of internal medicine or the application of the knife—pointing out a mode of cure at once simple, certain, and effectual, by means of which every sufferer, no matter what his condition may be, may cure himself cheaply, privately, and radically.

This Lecture should be in the hands of every youth and every man in the land.

Personal and Literary.

ELIAS HOWE, Jr., the sewing machine man, is dangerously ill in London.

HON. KENNETH RAYMOND, a distinguished politician of North Carolina, is about to remove to Mississippi.

THOMAS D. JONES, the Cincinnati mayor, was married, July 18, to Miss Decker, daughter of a wealthy gentleman of that city.

The richest man in New England is Augustus Hemenway, of Boston, whose estate is valued at \$5,000,000. He is confined in an insane asylum.

Since the seat of Government was established on the Potomac, there have been started and perished in the District of Columbia no less than one hundred newspapers.

It is rumored that General Sheridan is soon to be married to the daughter of Judge Foster, of Louisiana, who owns one of the largest plantations on the Bayou Teche.

The drowning of Thomas Francis Meagher, near Fort Benton, July 1, is being attributed to whiskey. He was engaged in a quarrel in the afternoon, whipping an Irishman who insulted him. He and strong drink caused temporary delirium. The steward of the boat induced him to go to bed, in the steward's room, but in the night, about ten, he left the room, and was seen on shore saw him go aboard. The alarm was once given, and search made, but the body could not be found, and indeed the widow telegraphed, July 14, that the body had not yet been recovered.

Irving, the Spiritualist, is undergoing another singular experience. Mrs. Lyon, the rich convert he made last fall, who adopted him as her son and heir, and gave him \$100,000 in hand as evidence and for-estate of her good intentions, has now turned against and disowned him, and commenced suit for her property. She had him arrested and thrown into Whitecross prison, London, on a charge of obtaining money by false influence, and though he was bailed out the next day, the shock to his delicate nervous system is said to have been so great that it made him seriously ill. Mrs. Lyon, who is a Spiritualist, and does not charge him with deception or fraud, but alleges that he has a "familiar spirit," by whom she was practiced upon and induced to part with her money.

Robert Stephenson was very fond of reducing his scientific reading to practice: after studying Francis's description of the lightning experiment, he proceeded to expend his store of Saturday pennies in purchasing about half a mile of copper wire. Having prepared his kit, he sent it up in the field opposite his father's door, and bringing the wire, insulated by means of a few feet of silk, he connected it with some of Farmer Wigham's cows, and had him skipping about the field in all directions with their tails up. One day he had his kite flying at the cottage door, as his father's gateway was hanging by the brittle waiting for the master to mount him. Bringing the kite to the wire just over the pony's crupper, the wire struck the horse's back, and the brute was almost knocked down. At this juncture his father issued from the door, riding a whip in hand, and was witness to the scientific trick just played off upon his gallop.

"Ah! you mischievous scoundrel," cried then the boy, and he went away, wardly chuckled with pride, nevertheless, at Robert's successful experiment.

The Old Railroad Bonds.

On the 15th of April 1858, the people of Minnesota, with an unanimity seldom witnessed on any occasion, by their ballots, amended the Constitution of the State by inserting section 10, the third paragraph of which declares—

"The said bonds [authorizing a loan of State credit, not exceeding \$5,000,000, to various Railroad Companies] shall be denominated 'Minnesota Railroad Bonds,' and the faith and credit of this State are hereby pledged for the payment of the interest and the redemption of the principal thereof."

This was done by the people themselves, after a discussion through press and speech seldom equaled in earnestness and warmth of feeling. In this city, the vote was 859 in favor of the loan and only 78 against. In other portions of the State the verdict in favor was almost a unit. We were one of that almost mythical minority; but we submitted to the situation gracefully, and have ever since contended that this "vox populi"—if not "vox Dei"—was as binding upon our people as caths or bonds can be made binding.

The miserable subterfuge that the "loan was a swindle" won't do. The small minority who opposed it told you a thousand times during the pendency of the question that it would be a swindle, but you treated our warnings with contempt and derision. You endorsed the swindle, if such it were, and every principle of honor and manhood require that your pledged faith be redeemed.

We have not room to discuss the question to-day. It really should not admit of discussion. Nine tenths of our people put their names upon the bond. Right or wrong, the bond must be paid. If it requires the pound of flesh nearest the heart, Young, vigorous, hopeful Minnesota cannot afford to repudiate—and if she could afford it, she would not—must not.

A proposition for the removal of these old bonds was submitted by our last Legislature, by an almost unanimous vote of that body. Whether timely or not, is not now a question for discussion. The "situation" is before us for acceptance or rejection.—Stillwater Messenger.

CORRESPONDENCE.

Letter from Hon. Charles E. Flandrau.—His acceptance of the nomination for Governor.

Letter to Mr. Flandrau.

St. Paul, Minn., July 13, 1867.

Hon. Charles E. Flandrau, Minneapolis, Minn.

DEAR SIR: I have the honor to inform you that at the Democratic State Convention, which convened in the city of St. Paul, on the 10th inst., you were unanimously nominated as the Democratic candidate for Governor.

I here with transmit you a copy of the resolutions adopted at said convention and respectfully ask your acceptance of the nomination.

I am, dear sir, very respectfully,
Your obedient servant,
O. W. NASH,
Chairman Democratic Central Committee.

Mr. Flandrau's Reply.

MINNEAPOLIS, Aug. 2, 1867.

C. W. Nash, Esq., Chairman Democratic Central Committee, St. Paul.

MY DEAR SIR.—Your letter officially informing me of my nomination by the Democratic Convention which met at St. Paul on the 10th of July last, for the office of Governor of this State, and containing a copy of the resolutions passed by the Convention, expressive of the sentiments of the Democratic party of the State, reached me only the other day, upon my return from an absence at the East, of several weeks, or it should have received my attention earlier. To say that I am gratified at this expression of confidence in me, by the Democracy of the State, would but very feebly express my emotions on learning it, and particularly on hearing of the manner in which it was done. I do not seek it, but I cordially accept it, and pledge my very best energies to its consummation, to the end that the patriotic sentiments and philosophical principles of government expressed in our resolutions, may become practically operative in our State, and to the extent of our influence in our national administrations.

From my earliest connection with any political organization (and I am proud to say that the Democratic party is the only one that has ever received either my sympathy or support), my firm conviction has been that all governmental power is primarily in the people, and before the creation of the federal or national government, each state was completely sovereign, the will of the people being only limited by their self-imposed constitutional restraints; that the formation of the national government was upon an entirely different basis, and as expressed clearly in our first resolution, "the constitution of the United States is the source and limit of every power possessed by any department of it," the state constitutions are therefore limiting and restraining instruments exclusively, while the national Constitution is creative, conferring as it does the only power ever obtained by the general government from any source, and restrictive as confining that power closely within the grants made, leaving to the States alone the exercise of all powers not so rendered to the national government, or denied them by their own constitution. This distribution of powers contributes to the best interests of all departments of the government, and protects the rights of the nation, the States and the citizens. By a strict, rational and honest construction of each no collision can occur, and each jurisdiction will move in its own orbit and sphere with a peace and serenity rivaling the beneficent operations of nature. The least assumption of doubtful powers, leads necessarily, first to uncertainty, then to destruction of guaranteed rights.

It has ever been the high mission of the Democratic party to defend the fundamental law from the encroachments of those who by loose construction would usurp power not granted, and to protect the rights of the citizen from the disastrous consequences of such usurpation, and had these principles not been insistently undimmed, and the intermeddling doctrines of our opponents triumphed, the prosperity of the country would never have been interrupted, nor the rights of three fourths of our people been invaded and jeopardized. As it has been heretofore our high mission to protect and defend, it now becomes our nobler duty to restore the supremacy of these principles.

We should ever defend all the reserved rights of the States, we must ever oppose the claim that any State or number of States possess the right to withdraw from the Federal Union. Preservation and perpetuity was the design of that compact, not dissolution and destruction, and my chief joy at the success of the Union arms was because I loved my whole country, and saw that its only hope rested in the restoration and preservation of the Union of the States.

The maladministration that has followed the success of our arms, has blasted our hopes, and the country, prostrated by partisan and unconstitutional legislation, with all the rights of the South crushed, and all the material interests of the West impaired and threatened, appeals to the only source that can save the restoration of Democratic principles, through the rout of radicalism. If the call is not speedily answered, the same intolerant spirit that has almost exhausted its ingenuity in one line of tyranny, will seek new fields by invading our social habits, restricting us in the gratification of our tastes and inclinations, regulating us in our religion, and degrading our manhood to a standard unknown beyond the limits of what should be free America. To convince the people of these truths is our hope and must be our effort.

In accepting this nomination, and entering upon the field of labor marked out for me, my confidence is strengthened, and my hopes of the success of our party encouraged, by being associated with such honorable gentlemen, and sterling Democrats, as the convention have chosen for my co-nominees.

With much respect,
Your obedient servant,
CHAS. E. FLANDRAU.

A TRIP INTO THE COUNTRY.

The Crop.

We manumitted ourselves from the cares of our profession on Saturday last, and made a short tour through a section of our County. Fortunately it was a very pleasant day, so that we were at leisure to enjoy the ride and the romantic scenery of the towns of Chaska, Carver, Dahlgren and Laketown. You can enjoy beautiful sights from the hills in the rear of Chaska and Carver—a panorama of nature's grandest work—there lies seemingly at the feet of the gaze, the fertile 'Valley of the Minnesota,' resplendent with her fertile farms, and pretty villages, a picture worthy a portrayal by the pen of some Bayard Taylor. From there we pass on into the interior, where here and there we find the farmer harvesting his field of Rye or Barley, or cutting his hay, which by the way yields largely. In conversation we also learn that the wheat crop in most localities is about ready for harvest, and that all are counting on a yield of from 20 to 35 bushels per acre. It is also plainly noticeable that a greater area was sown this year than heretofore, therefore you can look for a large return from this County. The Out crop is strong and vigorous and will also yield largely. Corn is a little backward, but nevertheless looks well and with a continuation of this weather we look for a good return of this crop. Potatoes are also fair. In fact everything has a cheerful appearance, and our farmers anticipate a rich reward for their labor. We predict a lively time for our merchants this fall.

BRICK.—Our energetic brickmakers have been making good use of the pleasant weather of the last month. They have been driving work with a will. Messrs. Gregg & Co. have just opened another large kiln containing upwards of 200,000. They were mostly of a beautiful light cream color. Likewise Mr. Howe—he also burnt a kiln, of smaller proportion, but equally good.

MORAVIAN ACADEMY.—It will be seen by the adv. of this deservedly popular institution that the fall term will commence on the 19th inst. We are informed that quite a number of scholars from abroad will be in attendance. The Academy was founded in Sept. 1864, and has steadily grown in favor since that time and now ranks abroad as well as at home, as one of the best "institutions of learning" in our State. There is also a good and well managed boarding school building attached to the School.

The new teacher from Penn., is expected on Monday.

DESSOLUTION.—By a glance at the head of our adv. column it will be seen that Messrs. G. A. Du Toit & Co., of Carver have dissolved co-partnership, D. L. Howe, retiring. G. A. Du Toit continues the business at the old stand, with a fine assortment of Goods. Give him a call.

We understand that Rev. C. B. Shultz recently Principal of the Moravian Academy in this town, has been elected by the trustees, of Bethlehem College Penn, one of the Professors in that institution.

NOTICE.—There is still a number of delinquent subscribers on our book for last years HERALD. These old matters must be settled within a short time, we have been kind enough to wait on you for two years, now we ask you to settle up.

RUNAWAY.—John Neunsingers' butcher "bag" took flight Monday morning, while making his daily rounds to his town customers, and smashed things generally. He ran into Mr. Greiner's picket fence and shade trees, uprooting several of the latter, also somewhat injuring the fence. John sustained a loss of some \$25, but it seems to have had no effect upon him, as his countenance is as smiling as ever.

LEVER.—It has been quite lively on the levee this week. Boats loaded considerable freight; this in conjunction with the several barges that loaded for St. Paul, made the levee assume a lively appearance.

Sad Accident.

A sad accident happened here on Wednesday last, whereby Peter Jumper of Laketown, an employee on Newcomb & Griggs barge lost his life by drowning. His companion on the boat saw him drifting down stream, but knowing him to be a good swimmer paid no attention to his manoeuvres until too late. He leaves no family. We think it a dangerous practice to go bathing immediately after dinner, in the heat of the day.

SHAKOPEE SPECTATOR.—The first number of the Spectator is before us. It is a wide six column sheet, and has a decidedly pretty appearance. It is published by that prince of good fellows and master printer M. C. Russell, formerly editor of the old time Argus, in its Democratic days. The Spectator is Republican in politics, and at its mast head we find the name of Capt. J. H. Brown, Editor, a gentleman well known in our county as an able lawyer. We wish the publisher, financially, success; and the Editor, politically, defeat.—Selah!

RURAL MINNESOTA.—We have received the first and second number of the above named journal, edited and published at St. Paul by Dr. Thomas Foster. It is a good looking sheet, but seems to be a political machine, also intended for a farmers journal. Politically it is intensely radical, old Thad Stevens is nowhere compared to this sheet. Terms, \$2.50 per year.

CRANE.—One of the bargemen killed a huge crane in front of town on Tuesday last. It measured five feet from wing to wing. It was on exhibition at the Store of C. A. Warner & Co.

Messrs. M. H. Itis & Bro. have received and sold this summer quite a number of Mowers to farmers of this County. It is a sure sign of prosperity when farmers begin to provide their farms with Reapers and Mowers. Carver County is one of the richest and best Agricultural county in the State.

Mr. Hocum of Carver informs us that as soon as the bridge is completed on the opposite side of the river, that he will run his hack from our town morning and evenings in connection with the trains. We commend his live enterprise to our citizens for support.

Our Special Correspondent.

NEW BOOT AND SHOE SHOP.—Chris Goetz has just completed a neat store 22 x 36, which he will at once fill with boots and shoes.

Mr. G. is an enterprising business man, and we bespeak him success.

NEW MINISTER.—Rev. E. Brill late of Blue Earth Co. has located here. Mr. Brill preached every Sunday morning at 10 o'clock in the German language. He belongs to the Methodist denomination.

Rev. A. H. Fisher [Moravian] officiates in the afternoon, also at Russell's.

PERSONAL.—M. C. Russell of the "Shakopee Spectator" made us a pleasant call last week.

Col. L. L. Baxter also dropped in upon us on Friday.

Col. J. H. Stephens of Minneapolis also is in town on Monday on his way to Glenwood.

Capt. H. W. Holmes, commander of the Mollie Mohler honored us with a call on Thursday. The Capt. reports the river falling fast at Belle Plaine and Mankato, although a good stage of water for navigation.

PAINT.—The "Carver Mill" is receiving a Fresh Coat of Paint, which will improve its appearance materially.

REAL ESTATE SALES.—A Carpenter sold his farm in Laketown to a Hollander for \$2,000 cash.

Mathias Gates sold his 120 acres also to a Hollander for \$1,250.

NOTICE OF DISSOLUTION.

The Co-partnership heretofore existing under the name style and firm of George A. Du Toit & Co. is this day dissolved by mutual consent, D. L. Howe retiring. All claims against the firm will be settled by George A. Du Toit, and all claims on debt due the firm of G. A. Du Toit & Co. must be paid to him at once who is alone authorized to receive them.

THE CABINET IMBROGLIO.

Stanton Kicked Out of Office—Gen Grant appointed Secretary of War.

WASHINGTON, Aug. 13.—The President at 10 o'clock this morning sent a communication to Hon. E. M. Stanton suspending him from office as Secretary of War and instructing him to transfer all records, books, &c., in his custody to Gen. Grant.

The Secretary of War was at the same time informed that Gen. Grant had been empowered to act as Secretary of War ad interim.

A communication was at the same time sent to Gen. Grant, authorizing him to act as Secretary of War, ad interim, and directing him to at once enter on the duties of that office.

Shortly after noon Stanton sent a reply to the President in which he denied that without the consent of the Senate, and without legal cause, the Executive had any right, under the constitution and the laws, to suspend him from office.

It is much however as the General commanding the armies of the United States has notified him that he had accepted the appointment of Secretary of War ad interim, the Secretary concluded by saying he had no alternative but to submit, under protest, to a superior force.

Gen. Grant therefore assumed charge of the Department of War, and appeared at the cabinet meeting to-day for the purpose of considering certain questions connected with the territory recently acquired from Russia.

WASHINGTON, Aug. 13.—General Grant this morning formally entered upon the discharge of the duties of Secretary of War ad interim. Mr. Stanton was also at the Department to-day engaged in turning over the official blanks and property to Gen. Grant. General Grant will have charge of the War Department and will discharge the duties of General-in-Chief through Major Lee, Assistant Adjutant General.

Mutilated Currency.

The following item is furnished officially by the U. S. Mail:

"Postmasters are required to receive in payment for postage stamps, mutilated currency, at a proportional rate of deduction for missing parts. Such currency will be redeemed at the Treasury Department, when sent in sums of not less than three dollars."

\$700,000 Instead of \$70,000.

All our exchanges set Mr. Chase's income at \$700,000 instead of \$70,000, as we had it. Before he got into power as Secretary of the Treasury he was worth only \$10,000. It was generally understood that Mr. Chase ran the greenback machine and made money. This item shows it. It also illustrates Jay Cooke's theory that "a national debt is a national blessing"—to enrich the bond holders who pay no taxes, and grow rich on the miseries and misfortunes of their country.

Alarmed in Chicago—Loyalty "hazarded."

The (loyal) Chicago Tribune is alarmed at the defection of the German element everywhere. It says:

Already we find the German Republican Central Committee of New York separating itself from its political friends in State and local elections, and even General Schurz and Mr. Roser commencing their example and advising its adoption wherever a like intolerant spirit controls the Republican party. True, the Germans are advised by the New York Committee and by General Schurz in the St. Louis 'Westliche Post,' and by Mr. Roser in his letter to the Boston 'Commonwealth,' to adhere to the Republican party in national elections. But this will be practically impossible, for, as Mr. Roser remarks: "When a division occurs in the Republican party in State elections, where a portion of the party confronts it as an enemy, one cannot well fraternize with that enemy again."

It then goes on to advise "free whisky and unlimited lager beer," to "save the great Republican party." Forgetting that the party is a party "based on moral ideas and engaged in the interests of God and humanity" it says of Sunday laws:

It is useless to sneer at people who look upon liquor prohibition as an infringement of personal liberty, and who resist it as such. It is equally foolish to shut our eyes to the customs, the early training, the convictions, of those who look upon the first day of the week as being more adapted to recreation, not holier than any other day. It is the appropriate duty of our churches to convert, not to coerce, these people. More souls will be saved by the former process than by the latter.

These fellows are a highly moral set. But they would abolish the Sabbath entirely, as their brother Jacobins in France did, if necessary to party success.

They will call for "free whisky and unlimited lager beer," in the same breath they say like the Lake City Tribune, that "we might as well license murder as to license liquor selling." The conclusion we draw from all these things is that the Republican party are without principles, and will sell out any principle they profess to have, for votes and for office.—Pioneer.

Winona County Politics.

At the Winona county Republican convention held on Friday, the following nominations were made: For Senator, E. S. Youmans; Representatives, Edward Ely, A. C. Smith, Chas. Gerrish; Sheriff, L. R. King; Treasurer, F. B. Benedict; Probate Judge, C. N. Wakefield; Delegates to the State Convention, Thomas Simpson, E. S. Youmans, W. H. Yale, F. E. Sanders, S. S. Roman, T. Kirk, D. Sinclair, H. C. Balcom, S. D. Joy. Resolutions were adopted in favor of negro suffrage and Gov. Marshall, and in opposition to the pending proposition for the settlement of railroad bonds.

FLOOD IN NEW JERSEY.

One Hundred Thousand Dollars Worth of Property Destroyed.

NEWARK, August 10.—A freshet in the northern part of this city on Friday afternoon destroyed about \$100,000 worth of property. The recent rains swelled the streams emptying into the Morris Canal which broke and rushed into the aqueduct reservoir which also burst flooding a large portion of the 7th and 8th wards. The stone bridge at the upper end of Broad street was swept away. The principal private losses were Palmer & Co., Printing Ink makers, \$25,000; Ravenhill's straw hat factory, \$3,000; Nichols & Tompkins' saddle cloth factory, \$2,500.

The monthly financial statement of Secretary McCulloch for the 1st of August, shows the total public debt to be \$2,686,685,896.63. The total amount of cash in the Treasury is \$175,379,470.38, of which \$102,905,104 is in coin, and \$72,474,365.33 is in currency. The aggregate debt has been diminished by \$4,309,519.98, while the coin has increased a little over four millions.

Uneasiness Among the Radicals.

We have evidence, every now and then, that the Radicals are becoming dissatisfied with their own work, and are uneasy at the consequences which are growing out of their own action. For example, a dispatch from Nashville, of date 7th, intimates that the Radicals in Tennessee are becoming unhappy at the state of things which have the turning apparatus ready for operation.

"TURNING."—We understand that within a short time the "Turning Society" of this place will have the turning apparatus ready for operation.

DISTRICT SCHOOL.—The District School closed its labors for the present last Saturday. The scholars are enjoying a two month vacation.

THE fall term of the Academy commences on Monday next, the 19th.

HOME ITEMS.

HERALD AGENT CARVER—G. A. Du Toit.

SHAKOPEE.—We paid the above city a flying visit in company with Messrs. Greiner and Ilison Monday last. Business was found rather dull, more so even than in our own town, although there are inducements enough in the large and liberal firms doing business here to draw custom at almost any time. Prospect for the future of Shakopee, is looking up somewhat. The M. V. R. R. Co., are erecting the "Machine Shop" buildings here, an item of importance, as it will employ a large number of men annually, and consequently disburse a considerable amount of money in Shakopee yearly. Shakopee also boasts of two good newspapers, the Spectator and the Argus, which fact alone argues well for the place, as none but fine town-support newspapers. We found friend Russell of the Spectator, as good looking as ever, and engaged turning out locally, at which he can beat the "best man out." In the Spectator our Shakopee friends have the best local paper in the State. In the Argus office we find that while souled by Ed. Wright, Mr. Hinde the Editor being absent East. Ed knows how to run a printing establishment in the most approved style.

In our "sawing round the circle" we had the pleasure of meeting our time honored friends, Col. L. L. Baxter, J. M. and L. M. Brown, D. L. How and others, known as the "big hearted" chaps of Shakopee. We would like to say more, but space admonishes us, to "dry up."

MARKET FAIR.—Our regular Cattle Fair was well attended on Saturday last.

There was not as many head of "animals" as usual, but sales were far more brisk than of late. A gentleman from St. Paul disposed of a small drove of horses at good round figures. Our merchants were also kept unusually busy attending to the wants of their many customers that day. These fairs are good institutions.

BODY FOUND.—The body of Peter Jaspers, was found by the ferryman at Shakopee on Monday morning.

It is supposed that the heavy thunder on Monday night raised the body. The authorities of that city gave him a proper burial. It appears that he had no relatives living, but a sister who resides "way back in the bush."

FRED LITIS has acquired the prefix of Pa-pa, after his name within the last week.

WHEAT.—Several farmers informed us that they had upon close examination in certain localities that the blight has affected some fields down late. It is not general by no means, as yet, we have heard of but few fields affected. Harvesting wheat has commenced in earnest, and already many "golden fields" have been laid low, by the sowing hands of our sturdy farmers.

BASE BALL CLUB.—Why cannot the young men of Chaska and Carver, organize a Ball Club? Come young active America wake up, stir about, and see what you can do. We say it can be done, so let us hear from you forthwith.

CHASKA MILL.—Mr. Crossen, a "master mechanic," with five other "master mechanics," are engaged repairing the mill. Next week we will give a sketch of what is being done, &c.

SAFE ARRIVAL.—Hon. C. A. Warner, arrived at Liverpool safe and sound on the 15th of July after a pleasant voyage of a few days.

TRANSFER.—John Walter, sold the "Chaska House" to Mr. Sheets for \$1400. Mr. Sheets will continue to keep a public house. Sales in real estate are quite numerous now, farms bring tremendous prices.

"TURNING."—We understand that within a short time the "Turning Society" of this place will have the turning apparatus ready for operation.

DISTRICT SCHOOL.—The District School closed its labors for the present last Saturday. The scholars are enjoying a two month vacation.

THE fall term of the Academy commences on Monday next, the 19th.

CARVER AND CHASKA.—We paid a flying visit to these smart little towns the other day, and found them in a living way, and their business houses doing a fair trade.

We called upon, and were courteously entertained during our short stay, by our friends E. Holmes a king of merchants, Geo. A. Du Toit, Druggist, Dr. S. B. Davis, Charles Johnson and others, all of whom were full of business. Dr. Davis has a very large practice in his profession, which even now is increasing. Being a thoroughly read physician and a good surgeon, it is but natural that he should receive calls from far and near.

At Chaska we only had time to see Fred Dutoit Esq., of the Valley Herald, who reports business good in the printing way, and now that the Carver Independent has ceased to be, the Herald cannot help but thrive. Chaska is, just now, we think gaining ground a little on Carver, and the citizens of the latter place will either have to go courting, and form a union, or else let out another link in enterprise in order to hold their own with Chaska.

We copy the above "item" from the Spectator of last week, without comment.

THE Atlantic Monthly for August is at hand, and contains the following choice literature:

The Guardian Angel! Hospital Memories. Dirge for a Sailor; Up the Edisto; Poor Richard, The Growth, Limitations and Toleration of Shakespeare's Genius; Longfellow's Translation of Dante's Divine Comedy; The Old Story; A Week's Riding; The Little Land of Appenzel; The Lost Genius; Cincinnati; A Lilliput Province, &c., &c.

For sale everywhere.

Address, TICKNOR & FIELDS, Publishers, Boston.

The Riverside Magazine for August presents the following table of contents:

August days; The Biting Pairs; Terra Nova; A true story of a Spanish Shepherd dog; Frank Gordon; Heir of Lincio; Breaking in for a Summer term; The Stars for August; Harry O'Hum both sides of his drum; Plays at a Party; Among the trees; Harvest festivals in Pomerania; The Window Seat and a Summer Song.

—That gem, "Every Saturday," continues to come to us regularly. It is composed of choice selections of English literature, by some of the best authors. All who love good reading, should have "Every Saturday." Published by Ticknor & Fields, 124 Tremont Street Boston.

EDUCATIONAL MONTHLY.—The contents of the August number of this "popular instructor in literature" is very entertaining and instructive. Teachers and friends of education should send for a copy. Address, J. W. Schermerhorn & Co. 430 Broom St. N. Y.

Carver Items.

Our Special Correspondent.

PERSONAL.—D. L. How, President 1st National Bank was in town last week, looking hard and weary as ever.

DR. B. Davis is going "rusticating" this week. He will leave for "Big Stone Lake" in company with several others on Wednesday next, and he will be absent about 4 weeks, when he will again be found at his post ready to wait upon his friends. Many will miss the Dr. B. during his absence, and all wish him a pleasant trip and safe return.

LARGE FISH.—A Catfish was caught in the river Sunday last, weighing 29 lb. H. Rogers and A. P. Peterson of this place also caught in Lake Minnetonka a splendid lot of pickerel and bass. Fish are very plenty.

GREEN CORN.—Frank Warner showed us on Monday last a sample of "Corn" which for the time a year was splendid. Large ears and well filled. Mr. W. informs us that he has had green corn fit for eating for nearly 2 weeks.

MARKET DAY.—Our market and fair day on Saturday last was well attended, a large number of horses and cattle changed hands, and at good fair figures, we noticed one man had 20 head.

BUSINESS was good for the merchants, keeping them all upon their "pins" from "early morn" till "dewy eve" although it was a success and helps the place a good deal.

SOME WARM.—The thermometer on Tuesday, Wednesday and Thursday ranged from 96 to 98° above zero, and it was all a person could do to get breath, but I believe all survived it as far as I can learn—well satisfied that Minnesota can produce as much cold and warm weather during their respective seasons as any other State in the Union.

SOLD OUT.—S. B. Brant, the gentlemanly proprietor of the "American House" in Young America has sold his Hotel to H. Bachman for \$1700 cash. The traveling public will regret to hear this as Mr. Brant was a good and accommodating landlord, we hope and have to doubt Mr. Bachman will keep a good Hotel.

Those wanting anything done in the line of dentistry will recollect that Dr. Bray of this place is always on hand and is a good No. 1 workman, and charges reasonable.

TO ALL BUILDERS.

The Celebrated Plastic Slate Roof!

The undersigned having secured the exclusive right for the above Roofing for the Counties of Scott, Carver, Riley, LeBouef and Nicollet, would respectfully announce that he is prepared to apply this superior Roofing material to buildings of all descriptions, either new or old, on short notice, and upon the most reasonable terms. The advantages of having this material applied to your buildings are many. By having a flat roof you save all your rafters, both gables and ends, and the expense of putting on a new roof. It is impervious to water or steam; it remains pliable underneath, your insurance will cost less, by half, as it is emphatically Fire Proof! It will last a life time, hence it is the cheapest. Can be applied in repairing imperfections in its roof.

BOLAN ROBINSON says, "It is the most valuable discovery of this wonderful age."

Representative.—LEWIS GOTHLEF.

TO THE DEMOCRACY
OF
CARVER COUNTY.

The Democracy of this County by their delegates duly chosen, after due and proper notice having first been given of the time and place of holding their town caucuses, meet on the 6th day of July A. D. 1867 in the town of Benton in County Convention, to put in nomination candidates for those County offices to be elected this fall. Likewise to select a candidate for State Senator and a member of the State Legislature. And said Convention after due and careful deliberation, put in nomination candidates, to be supported by the party, for the Legislative and County offices. It is well known that there were an unusual number of candidates for most of the offices, and an unusual amount of intensity of feeling exhibited on the part of the delegates of rival candidates for their favorite friends. And it was hoped, and expected that such feelings would cease after the nomination, and that the defeated candidates and their friends would "bury the hatchet" roll up their sleeves and give a long pull a strong pull, and a pull altogether for the regular nominated ticket, and it is painful to hear that there are any democrats who are either openly or secretly working for the defeat of the candidates thus nominated, or any one of them, and more particularly of the Legislative ticket, because such a course pursued by any considerable number of democrats will greatly endanger the success of the democratic ticket and thereby increase, in the same proportion the probability of the success of the Republican candidates, and will perhaps be the means of sending to the Legislature from this democratic County a person who cannot represent the political views of a majority of the voters of this County. It therefore behooves the Democrats, who are disposed to find fault with the action of the Convention, or are disposed to withhold their support from the ticket, or any of the candidates thereon, to take a second sober thought and reflect well before they endanger the success of the party in this County. Let it not be said of us that we voluntarily surrendered our principles, our friends, and ourselves, to our enemies, but let us vote the regular nominated ticket, the whole ticket and nothing but the ticket, and if we do, our animable, smiling, and genial friends the Republicans will cry in anguish of spirit "Help Cassius or we sink."

REPUBLICAN CONVENTION.

Will be held at Waconia County of Carver on the 7th day of September 1867, at one o'clock to elect Candidates for the different County offices, and also three Delegates for the State Convention.

GUSTAVE DRESSEL,
Chairman of County Convention.

Published for me HERALD.

Stanton Colloquy.

Stand to him gallant Edard! The people and Congress will back you up in the discharge of your duties. Let the Presidential say "bray, but stay thou Edard," stay!

We copy the above extract from an article in the Wabashaw Herald, on the Stanton difficulty.

Now Messrs Editors, it is rather not the loud braying of a few disappointed sore heads, who claim to be affected by a malady known as loyalty, backed up by a "moreball idea" party, such as pug nosed Foster, of the Agricultural Almanac. Wail on!

\$30,000,000 per Annum.

This is what tax payers have to pay additional to their ordinary taxes because United States bonds are exempt from taxes.

Two billion five hundred million dollars are withdrawn from the taxable assets of the people, and our property is taxed enough more to make up for the deficiency. Allowing the average taxes throughout the country to be two per cent, (and since the war they are more generally three to five), the amount lost is \$2,500,000,000 multiplied by two, or \$50,000,000. This is nearly double what it cost annually to run the entire expenses of the government for seventy-two years. We pay \$50,000,000 per annum taxes which the bond holders ought to pay and what is more we pay it to them besides over \$100,000,000 more interest in gold. We receive—have to receive—all debts due us in greenbacks, and have to pay these bond holders in gold. This is what the Radical mean by equality of rights, equality of taxation and equality of all men—Pioneer.

Another snub at Grant.

Greeley shows unmistakable signs of hostility to the nomination of Gen. Grant for President. Here is his latest thrust: "How happens it that every renegade from Radicalism is so vociferous for Grant? What is 'the mystic tie that binds' our Weeds and Bennetts, our backsliders from everything Republican but the loves and fishes, in such loving accord that Grant is our only man for President? Is not here incitement to profitable reflection?"

WASHINGTON.

WASHINGTON, August 19.—It is understood the President has assigned General Thomas to Sheridan's District, Sheridan to Missouri and Hancock to the Department of the Cumberland. The Herald's Washington special pronounces the affidavits published against Judge Holt a hoax. Official Mexican advances announce the refusal to deliver Maximilian's body to the Austrian government. It is buried in the cathedral at Queretaro. Judge Holt is granted leave of absence until the 5th of September. In the meantime the President's order transferring him to other duties will be issued.

Gen. Grant, it is understood, will reply to Gen. Pope's letter advising the arrest of Hill and all others who may be obstructive to the working of the Reconstruction act.

Central Pacific Railroad.

The Evening Post says the distance from New York to San Francisco, on the Central Pacific Railroad, via Chicago, is three thousand miles. If a train should run at the rate of twenty miles per hour, including stoppages—which is, perhaps, the average rate on railroads in this country—it would require a little less than seven days to accomplish the distance. As for grades, the traveler will ascend from the level of tide-water at New York or San Francisco to a height of eight thousand two hundred and forty-two feet, or over a mile and a half, at Evans Pass.

Scott County Republican Convention.

was held on the 17th inst. The following resolutions were unanimously adopted:

Resolved, That the Republicans of Scott County cordially endorse the administration of Governor Marshall, whose ability, integrity of character and service to the country strongly recommend him for re-nomination.

The delegates to the State Convention are John H. Brown, Esq., Major H. B. Strait, George F. Strait and C. B. Tyler.

—The Commissioner of the General Land Office in receipt of returns showing an aggregate disposal of 21,788 acres of public lands during the month of July last, at the following local offices: Nebraska City, Nebraska, 18,335 acres; Greenleaf, Minn., 4,283 acres. Dakota City, Nebraska, 8,605 acres. The great portion of the land was taken for actual settlement under the Homestead Law, and the remainder sold for cash, and located with Agricultural College Scrip and military warrants.

HOME ITEMS.

HERALD AGENT CARVER—G. A. Du Toit.

MARRIED.

In Plate Mine on Wednesday Aug. 20th 1867, Robert Ferguson to Miss Mary E. De Mers, both of Carver.

Married by Judge of Probate, Aug. 19th 1867, John E. C. Hoffman to Miss Wilhelmina Schoder both of Laketown Carver County Minn.

Brick Business of Chaska.

The fine dry weather of the last month, has enabled our brickmakers to turn out a large number of brick. We gathered the following facts in relation thereto, on a recent visit to the yards.

Messrs. Gregg & Griggs have one yard in operation this year, and would their brick with a new patent machine, capable of turning out 80,000 bricks per day. This is a great improvement over the old system of hand moulting. They employ 18 men, on their yard and are now doing a rushing business. Within the last three weeks they have moulded 300,000 brick, and have another ready to set fire this evening, containing 150,000. Messrs. Gregg & Griggs being two active, energetic and go ahead fellows will yet manufacture a quantity of brick before cold weather puts a stop to their operation.

Mr. Howe is moulding by hand, and turns out some 7,000 per day. Taking the two yards together they are capable of manufacturing on an average 30,000 bricks per day, in good weather. This is no small item for our town, and the great material to our business. The great ready market down the river. Hudson, St. Paul, Shakopee and nearly all the towns along the river purchase from our yards, as they are the best article manufactured in the State. As we have said times before, the brick are similar to the celebrated Milwaukee brick, being of a light cream color, hard as flint, and make a decidedly pretty building material. They are delivered at the lower river towns at prices ranging from \$12 to \$14 per thousand, and in our own town for \$8. We would advise all wanting good building material, to call and examine our article of manufacture before purchasing elsewhere or other material.

ASCENSION DAY.—This day was duly observed by the Catholic population of this County. Mass was celebrated at the church in this place, and a very large concourse of people from the interior were in attendance. Large congregations also assembled for worship at Waconia and Victoria Church.

HACK.—Mr. Hocum commenced running his "Omibus line" on Tuesday last, and will in future make daily trips, leaving the post-office stand in Chaska in time to make connections with either the up or down train. Support him.

HARVESTING.—Our farmers have fairly begun to harvest. All the fields adjoining town have been laid low, and the yield we are informed, will be about 20 bushels to the acre. There is no limit to oats, the yield will be enormous. Corn bids fair for a large yield, as also does the potato crop.

The aggregate crop return of Carver County will far exceed that of any former year, in our opinion.

SCHOOL FUND.—The annual division of the school fund was made on the 5th inst. Carver County received 2,108.70 being 66 cents for each scholar in the County.

REPUBLICAN CONVENTION.—We publish elsewhere the call of the republican County Committee, for a County Convention, to assemble at Waconia, Sept. 7th.

FIRE.—We are informed by different parties that a store building at Waconia, belonging to Henry Niehaus, caught fire and burnt down on Monday or Tuesday last week. Loss \$1,200, insured in Aetna for \$800. As the building was unoccupied, it is supposed to be the work of incendiaries.

ALMOST ANOTHER.—The kitchen attached to the brick building of Mr. H. Brinkhaus in this town caught fire on Friday last, but was fortunately discovered before it had made much headway, and was easily extinguished. The utmost care should be taken when around the fire, and first of all see that you are insured.

PERSONAL.—We received a pleasant call from Mr. A. H. Harritt, Gen. Agent of the St. Paul Press, on Saturday last.

W. B. Griswold, the talented Editor of the Manitowish Union was also in town on Monday last.

Hon. P. W. Savage made us a flying call while in town on business.

RIVER NEWS.—The water is receding very slowly, but we still enjoy a splendid stage of water for boating.

Newcomb & Griggs barge loaded with wood and left for St. Paul on Wednesday last. Mr. Howe's barge loaded with brick and left for the same port on Monday. River business still continues brisk. The Otter, Mankato and St. Anthony Falls, still make their occasional trips.

SEWING MACHINE.—We would call the attention of our readers to the adv. of Finkle & Lyon, Lock-Stitch Sewing Machine, it bears the reputation of being one of the best Machines now in use. Send for a circular.

HAY.—Hay sells for \$7 per ton in our streets, and we are of the opinion that before winter it will sell for \$5. Enormous quantities were cut on the river bank, and in the interior.

ACADEMY.—The fall term opened last Monday under very fair circumstances. The attendance of scholars was also encouraging.

THE LADY'S FRIEND, FOR SEPTEMBER, 1867.—"The Village Doctor," an expressive picture, is the title of the story appearing in the September number of this popular magazine. A beautiful steel Fashion Plate, with numerous other engravings of the Fashion, follow, and the usual prices of popular Music, worth of it as the price of the number. Among the literary contributions, we have an article on "Selection Leaves of the Phantom Bouquet," a fine story by Louise Chandler Moulton, "How to Make Wax Flowers," &c. We would suggest to our lady readers who desire to get a Wheeler & Wilson Sewing Machine, that the "Lady's Friend," offers one of these machines as a Premium for Clubs of Thirty names, and that it is not a moment too soon to commence making up their lists for next year.

Price (with engraving) \$2.50 a year. Four copies (with engraving) \$5.00. One copy of Lady's Friend and one of Saturday Evening Post (and one engraving) \$4.00. Address: Deacon & Fiske, 214 N. 3rd Street, Philadelphia.

New Publication.

GOOD STORIES.—Messrs. Ticknor and Fields have issued the initial number of Good Stories, under which title they propose to publish, in cheap and attractive form, a valuable collection of the best stories in the English language. The collection is valuable as a repository of choice fiction, and is also the most complete and the most interesting of the kind ever published. It is intended to be a general repository of good stories, and is not intended to limit this collection to English literature. It will embrace, by competent translations, the best and most characteristic short stories of all languages.

While having in view the idea of making this collection valuable as a repository of choice fiction, the publishers have not overlooked the great need of the traveling public for a class of reading that shall answer for amusement in the railway or on the water. A large volume or a long story often becomes wearisome to the traveler on account of the disadvantages to which he is subjected while the type of many volumes renders the reading of them impossible to not a few travelers.

In Good Stories all of these difficulties are overcome. Each number is a small quarto, appropriately illustrated, and easy to the hand. The stories are choice, and demand not too continuous attention; the type is large and can be easily read, and the price, Fifty Cents per number, will place Good Stories within the reach of all.

No. 2 will be issued in August. Ticknor & Fields, Publishers, Boston.

Our Special Correspondent.

MARRIED.—The numerous friends of "Robt Ferguson" will be glad to hear that he has taken unto himself "a wife" we wish "Bob" a happy and prosperous life, and we sincerely hope the happy couple will be blessed with "numerous blessings."

ACCIDENT.—The team of Mr. Peipes belonging in Benton town ran away on last Monday, throwing Mrs. Peipes out of the wagon, breaking one arm just above the wrist, and dislocating the other, besides receiving several kicks and bruises. The broken limbs were set by Dr. Davis and the patient is now doing well.

REAPERS.—Every boat that comes from below discharges several of these "instruments."

The Chippewa on her last up trip left 10, part going to McLeod County, and the remainder for this County. We are glad to see this as it looks like "business" in the Harvest field.

PERSONAL.—Capt. George Houghton, President Minn. River Packets, paid us a flying visit on Monday.

Hon. Henry Hill Receiver of the Greenleaf Land Office made us a pleasant call on Wednesday. Mr. H. reports the crops looking fine, and harvest fairly begun.

Hon. P. W. Savage of Glencoe was also in town on Friday.

DEPARTURES.—F. Belfoy and family left on the Mankato on Monday for Minneapolis, where they will reside hereafter.

Dr. Davis and party left on Wednesday on their "Big Stone Lake trip."

BUSINESS.—Business is improving fast, last week it was "good" to see our streets as it "used to be."

We predict a busy time for our merchants after harvest.

REAL ESTATE SALE.—Dr. E. Bray, sold his house and lot on Broadway to Messrs. Gates for \$2,000. Mr. Gates, we hear will put in a stock of Boots and Shoes. We hope the Dr. will not leave town, we cannot afford to lose him. We expect to hear of his purchasing about town soon.

TO ALL BUILDERS

The Celebrated Plastic

Roof!

The undersigned having secured the exclusive right for the above Roofing, for the Counties of Scott, Carver, Sibley, Le Sueur and Nicollet, would respectfully announce that he is prepared to apply this superior Roofing material to buildings of all descriptions, either new or old, on short notice, and upon the most reasonable terms.

The advantages of having this material applied to your buildings are many: By having a flat roof you save all your rafters, both gables and one-third of the sheathing; it can be put on to any slope, either a flat roof or perpendicular wall; it is impervious to water or steam; it remains pliable underneath; your insurance will be less; it is a permanent Fire Proof! It will last a life-time, hence it is the cheapest.

It can be applied in repairing imperfections in the roof.

ROBSON ROBINSON says, "It is the most valuable discovery of this wonderful age."

REFERENCES:—S. B. Strait, D. A. Hastings, John Rice, Edg. and Ex-Sheriff Greaser, Shakopee; H. C. Smith, Chas. Davis, Esq., Le Sueur; Mr. Randall, St. Peter. Most of them have had the Plastic Roofing applied to their buildings.

ATTENTION DEMOCRATS!

We have in our midst hosts of active Democrats, who if once stirred up, would materially advance the interest of the cause, and we know of no means by which they could sooner be brought to their rallying point, than by the organization in the different towns of our County of "Democratic Clubs," which should make it incumbent upon all to labor zealously for the cause. Come we say, let us commence in time, for the campaign is rapidly drawing nigh and all of our individual influence should be felt, for we must wrest our State from radical grasp. We urge again, let not this matter escape your earnest attention at once. Will you respond?

Finally, in the language of the gallant Pennsylvania Democratic Committee: "We call upon you to organize in every section of the county. Act for yourselves, promptly and vigorously. Wait for no man. The government you love is in danger, its great cardinal doctrines are daily attacked and treason in peace may prove more deadly than treason in war." Individual exertion is the duty of every man. Canvass your school districts. Form clubs. Circulate your local papers. Teach the people. Counsel with the aged. Encourage the timid. Arouse the sluggish. Stop talking and go to work. The enemy are vulnerable at every point; attack them for their misdeeds.

Your principles are eternal and must prevail.

The Minneapolis Cataract.

The first number of this paper is before us, it is a large nine column paper published by Messrs. Belfoy & Stevens at Minneapolis. It is filled with able editorials, which have the ring of true Democracy. The Democracy of Hennepin County, yes, of State at large, should give it a generous support, for it will prove a thorn to the radical element of Minnesota. The publishers are well known in our County, and we have no doubt but that many will subscribe for this sterling sheet. Success gentlemen.

We see that the Editors of the two leading Republican Papers in this State the St. Paul Press and St. Paul Minn. are, are pitching into each other "fervently." Hold on gentlemen or you will confirm the assertion of the democrats, that the leaders of the Republicans are corrupt.

The Indian War.

St. Louis, Aug. 28.—A dispatch from Fort Hayes of the 23d, says a courier from Capt. Ames reports a severe battle with the Indians, under Satan To, on the Republican river. Thirty-four men were killed, 25 wounded.—The Indians lost severely, but finally repulsed our troops.

A strong force under Maj. Elliot, leave for the scene of action this morning, and a desperate fight is anticipated.

Liquor Law Passed.

DETROIT, Aug. 8.—In the Constitutional Convention to day, the liquor prohibition clause was carried by a vote of 44 to 32.—*Dispatch.*

The majority of the Radicals in Michigan is so large they think that who's a "bill has all their sympathies," it will be best to follow their sympathies and vote for it, as it will not "hazard the success of the party." In Minnesota such a "bill has all their sympathies, but we (they) are not willing to hazard the success of the party." (Vide Dannel.)—"The licensing of liquor would be just as reasonable, as the licensing of liquor selling, but the time is not ripe yet for a prohibitory law." (Vide Lake City Tribune).—*Pioneer.*

How the Tariff Works the Workmen.

It is estimated by the revenue commissioners that the frauds in invoicing goods for importation (of course those goods only upon which the duty is enormous) amount, at the New York custom house alone, to from twelve to twenty-five millions, and in the whole country to forty millions a year. No one pretends that the saving of duty by this fraud is for the consumer's benefit; he gives the dishonest trader for his smuggled goods the full price of those which have paid these share to the public treasury. These fifty millions, then, which we should be the last to grudge to a government struggling out of the insolvency of a great war, we charge that government with cruelly wresting from a patient people for the rewarding of frauds and perjuries, and the crippling of honest industry.

These goods all come West, and elsewhere with these duties added on to their price, and the people pay them in high prices. To pay from one half more to double and sometimes quadruple, for what we buy, because of these taxes, duties and tariffs, and the government does not get the difference after all. It goes to "loyal" thieves, and rich and overgrown manufacturers and iron-mongers.—*Pioneer.*

Gerrit Smith.

The following is from the August number of the Land We Love, and was brought to memory, says the editor, by the name of one of the bondsmen of Jeff. Davis:

A northern man married in our native village a southern lady, and died soon after the marriage. The widow discovered, in looking over her husband's papers, that he was indebted to an abolitionist of the North, in the sum of \$1,000. She told her administrator that there must not be a stain upon the memory of her husband, and proposed selling her house and lot to pay the debt. He wrote to the creditor stating the destitute condition of the widow, and her honorable intentions. For an answer he received a letter inclosing the note of the deceased husband as a present to the widow. The name of this generous creditor was Gerrit Smith, of New York. In a private letter to ourselves he says:—"It is time for men to quit hating, and learn to love one another." A truly noble sentiment, to which every true soldier, north or south, who did his duty in the field, responds heartily, amen.

GIVE THE PRINTERS FAIR PLAY.—We have a piece of advice which we wish to impress truly and indelibly upon the public mind, and that is, to give the printers fair play. Do not forget that it costs something to puff as well as to advertise, and never sponge upon a printer in any way whatever. It is the printer's ink that makes nine-tenths of our fortunes; it takes money to buy ink, type and paper, and yet, after all this we are the losers. The printer gets. Give the printer fair play, and give up all hopes of gratuitous puffing, &c., &c. Daniel Webster was "mighty near right" when he remarked of the press, "Small is the sum required to patronize a newspaper; amply rewarded is its patron. I care not how humble and unpretending the gazette which he takes, it is next to impossible to fill it without putting into it something that is worth the subscription price."—*Anoka County Press.*

—When Tecumseh Sherman, snubbed Stanton in the presence of the President, while his army was marching in review up Pennsylvania avenue, at the close of the war, he gave his views of the status of the Secretary of War, by calling him "nothing but a d—d clerk," and he said if the President, who was, by the constitution, the Commander-in-chief of the army, should order him to take a musket and stand guard, he would cheerfully obey the order, but if Stanton ordered him to do any thing, he would tell him to go to a very hot place.

Central Railroad.

We understand that trains on the Central Railroad will run to Blooming Prairie, ten miles below Owatonna, on and after Monday next.—*Pioneer.*

HOME ITEMS.

HERALD AGENT CARVER—G. A. Du Toit.

MARRIED.

On the 25d, by the Rev. C. L. Reike, Fred Salter and Frederick Meyer, both of this place.

We extend our warm congratulations to the happy couple, and may their path through life be attended with all imaginable happiness, and finally may numerous "blessings" spring up to cheer them in their declining days. Fred you have gone and done it at last.

Our absence from home the greater part of the week, will account for the scanty supply of local news furnished this issue.

Proposed Bridge.

We are informed that Genl. Bishop, chief engineer of the V. R. R., with his corps of able assistants have sounded and surveyed the lake between here and Merriam Station, and were to report upon the feasibility of a bridge. We presume if the report is satisfactory, that a bridge will be built forthwith. It will be a great convenience to our citizens, and will also help the R. R. Co. We know nothing of the plans and purposes of the Company.

VALLEY RAILROAD.—It has become proverbial with the traveling public that Messrs. Williams & Messer are the "golden thread" that link them to this line of travel. Why should it not, for two more gentlemanly conductors never won the favor of the public than the above gentlemen. The Valley is becoming popular through them. Boys, may your shadow never grow less!

LUMBER.—We are pleased to be able to announce to our citizens that Mr. J. Warner has contracted for 100,000 feet of building lumber, of various dimensions, of which 8,000 feet have already arrived. This announcement, we know will be received with pleasure, as many have been unable to build for want of material. The lumber was bought on the St. Croix and will be sold here as cheap as it could be purchased at Minneapolis. Call and examine his extensive supply.

TO OUR CARVER FRIENDS.—We have been to some trouble in procuring a correspondent from your town, who gives each week an interesting summary of home intelligence, which must prove a source of pleasure and pride to our readers there, and which also help to give character to Carver abroad as many of the "items" are copied into other papers—in view of this we expected and still expect to receive some little show of support, from your business men and citizens, by way of cards and subscription. Our subscription has augmented somewhat, but not one of the business firms are represented in the any column of your County paper. We ask shall this be remedied, we hope an affirmative answer. Will our agent exert himself in our behalf?

COUNTY BOARD.—The Board of County Commissioners meet next Tuesday as a Board of Equalization. It behooves all those who think themselves aggrieved by assessment to present their case before them at this time, as they meet to equalize all erroneous assessments brought to light. The Board will probably continue in session three days.

THE FARMERS UNION.—We have received the first number of a neatly printed and ably edited agricultural paper published at Minneapolis by Mr. Nimrock, Secretary of the Farmer Insurance company of Minn. It has far more merits as an agricultural paper than the Rural Minnesotan, and would so recommend it to our farmers.

DISTRICT SCHOOL.—We were wrong in stating that there would be a vacation of two months. We are informed by the trustees that the school will commence on Monday next, after a vacation of three weeks.

BUTCHER SHOP.—Our indefatigable butcher, John Neunsinger, is erecting a snug little butcher shop, near his restaurant. John is bound to keep pace with this "progressive town."

FISH.—Mr. Hecklin, of the grand fishing party will accept our thanks for a fine mess of pickled. We are informed that the party enjoyed themselves highly, and returned well pleased with their trip.

HARVESTING.—We are informed by the farmers that most of the harvesting in the River town of our County will be over this week, and that grain turns out good.

CHASKA HOUSE.—This Hotel, since coming into the hands of the new proprietor, Mr. Shasta, is being thoroughly renovated from top to bottom, and is placed upon a footing with the best house in town. The bar is also stocked with the best of Liquors, Beer and Sausages. See card in another column.

DEMOCRAT'S "YOUNG AMERICA."—Young America has really found a representative in this brilliant little periodical, which is as full of stories, pictures, puzzles, toys, and fun as any little boy or girl could desire. It is, moreover, not only entertaining, but instructive; containing hints and information on all sorts of subjects, and capital suggestions, introduced in a way to interest children, and make them follow up the subject for themselves. Parents will find it a valuable auxiliary to their efforts for home amusements and education.

Address, W. JENNINGS DEMOREST, 478 Broadway, New York.

The Little Corporal for September contains Chapter 3 of Mrs. Miller's popular new story "Camp Bucco," No. 2 of "The Chicken Little Stories," No. 1 of "Early Times in Ohio," besides a large number of choice Poems, Prose Articles, Picture Stories, &c., entirely original. Price, one dollar a year. Great inducements are offered to those who wish to raise clubs.

Address, ALFRED L. SEWELL, Chicago Ill.

Republican Caucus.

Will be held at the District School House in Chaska, on Saturday the 31st day of August at 7 o'clock P. M. To choose five delegates to attend the County Convention at Waconia on the 7th day of Sept. next.

Called at Chaska this 27th day of August A. D. 1867.

Chairman Rep. Town Committee.

Carver Items.

Our Special Correspondent,
HOT WEATHER.—The hot weather still continues, although we had a pleasant shower on Tuesday morning which tended to refresh and cool things considerably.

NEW WHEAT.—Messrs Gorman & Mullen, the Millers at the Carver Mill informs us that they have ground several grists of new wheat, and that it looks good and makes good No. 1 flour. Barley comes in very fast and is excellent.

NEW PAPER.—We happened to be in Minneapolis last week and called upon our friends, "Stevens and Belfoy" who we found full of business and hard at work upon their new paper.—They have just issued the first number, and it is a very neat looking sheet, and will be a terror to the Radicals of Hennepin County. We wish them success.

B. B. CLUB.—Where are all our young men? We expected to hear of a number "signing the list" in accordance with the "Heralds" call of last week—come boys step up—let us organize a club at once.

RECOVERING.—Mrs. Peipes, the lady who was so badly injured last week is fast recovering.

HEARD FROM.—Frank McKnight Esq., yesterday received a letter from Dr. Davis, who was then at Green Lake in Camp. The party had met with bad luck in losing both of their horses, hopes were entertained of finding them soon. The party will return by way of St. Ridgely—all well.

PERSONAL.—Harrie Rogers, left on Tuesday last for Chicago, for the purpose of getting his tail stock.

APPOINTED.—Chas. Basler has been appointed Chairman of Town Supervisors in place of G. W. Turnbull resigned.

CHANGE OF BASE.—Mathias Gates has removed his Boot and Shoe shop to the building lately occupied by Mr. Walker as a Millinery shop, and Mrs. Walter takes her goods to the building recently occupied by F. Belfoy as a printing office.

DEMOCRATIC CLUB.—Why do not our Democratic friends here organize a Democratic club? It could be done very easily if some one would take the lead, let us hear next week what is being done.

NEW BUILDING.—A. P. Peterson has contracted with J. S. Letford for the erection of a large frame house next to the residence of Thomas Newman.

Work will be commenced at once.

L. H. Griffin has just completed a large barn capable of holding 100 tons of hay. Mr. G. cuts every year from 200 to 250 tons. He says the crop will be fair.

REAL ESTATE SALES.—I. A. Pike sold his house and lot near A. G. Andersons residence to J. B. Pendergast for \$350. cash.

L. H. Griffin sold lot No.—block— for \$125.

L. H. Griffin to Gen. A. Du Toit, lot No. 7, block 33, \$10.

REPUBLICAN CONVENTION

Will be held at Waconia County of Carver in the 7th day of September 1867, at one o'clock P. M. To choose five delegates to attend the County Convention at Waconia on the 7th day of Sept. next.

TO ALL BUILDERS.

The Celebrated Plastic

State Roof!

The undersigned having secured the exclusive right for the above Roofing for the Counties of Scott, Carver, Sibley, Le Sueur and Steele, would respectfully announce that he is prepared to apply this superior Roofing material to buildings of all descriptions, either new or old, on short notice, and upon the most reasonable terms.

The advantages of having this material applied to your buildings are many: It having a flat top save all your rafters, both gables and one-third of the shelling; it can be put on in any shape, either a flat roof or perpendicular wall; it is impervious to water or steam; it remains pliable underneath, your insurance will cost less, by half, as it is emphatically Fire Proof! It will last a life time, hence it is the cheapest. Can be applied in repeating imperfections in tin roofs.

SOLON ROBINSON says, "It is the most valuable discovery of this wonderful age."

REFERENCES.—S. B. Strat, D. A. Houghton, John H. Foss, and Esq. Sheriff Crocker, Shakopee; R. C. Smith, Chas. Davis, Esq., Le Sueur; Mr. Randall, Saint Peter. Most of them have had the Plastic State Roofing applied to their buildings.

Orders are respectfully solicited. Information freely given.
